

STATEMENT OF PURPOSE

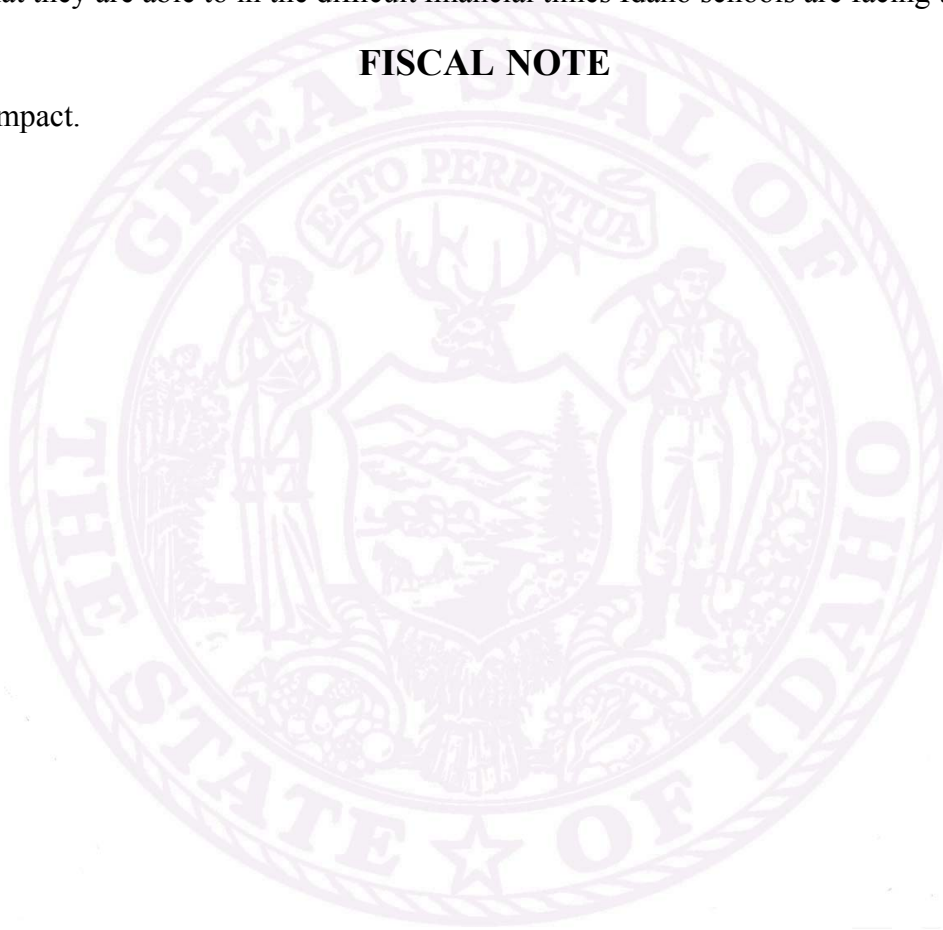

RS23405

The Clearwater Community Foundation is requesting approval of a Maniac Special Plate because the students of Joint School District 171 deserve an excellent education and we feel extra funding can help provide dynamic options to pursue this standard through a viable alternative which allows the citizens of our communities and Maniacs throughout Idaho to show school spirit while at the same time supporting our schools.

To build passion in education, imagination and a feeling of purpose needs to be stimulated. With the funds raised with a Maniac Special License Plate, Joint School District 171 can go above and beyond what they are able to in the difficult financial times Idaho schools are facing these days.

FISCAL NOTE

No fiscal impact.
